

# Floral Design

### **Purpose**

The New Jersey Floral Design Career Development Event stimulates the study of and interest in the retailing and arranging of flowers, plants, and foliage through the agricultural education curriculum. The competition includes the creation of an assigned arrangement and the creation of a design of choice arrangement. In addition, an itemized bill for the design of choice arrangement will be created. FFA activities are an integral part of the instructional program in Agriculture, Food, and Natural Resources Education.

### **Objectives**

This event will provide the participant with the ability to:

- problem-solve and use mathematical skills to develop invoice charges for material, determine wholesale and retail prices, and calculate discounts.
- learn the key principles and creative elements of visual art and use this knowledge to arrange flowers and foliage to express different themes.

### **Event Rules**

The complete rules, policies and procedures relevant to all New Jersey FFA Career and Leadership Development Events may be found in the CDE & LDE Event Participation Policy: <a href="https://nj.gov/agriculture/ag\_ed/ffa/activity/CDE\_LDE\_Policy.pdf">https://nj.gov/agriculture/ag\_ed/ffa/activity/CDE\_LDE\_Policy.pdf</a>

- Teams will consist of three or four members, and the top three individual scores from the team will count toward the team score.
- Members are required to wear official FFA dress or business dress (if FFA jackets are not available) and will be awarded 2 points for wearing proper Official Dress. (See Attachment – Official Dress Scoring Rubric)
- Participants are NOT allowed to use (or have visible) electronic devices during the event, unless for medical reasons or a portion of the event requires usage. This includes cell phones, tablets, etc.
   Participants will be allowed to use calculators, if specified for that event; however, cell phone calculators and graphing calculators are not permitted! Failure to adhere to these rules will result in disqualification.
- All individuals participating will judge in a cooperative manner following the rules set forth by the event coordinator.
- No school/chapter will use Rutgers University or Delaware Valley University facilities or locations for the training of teams. Contact with University faculty and staff is permissible. Penalty will be disqualification.
- Members of the first-place team may not compete in the event again.
- No individuals from the same school/chapter may talk, confer or judge together. Penalty will be loss
  of score for that section of the event or disqualification for the event. Event coordinator has the
  authority to make disqualifications.
- Contestants must bring their own pencil, floral cutters, ribbon scissors, floral knife and wire cutters.
  The contestant should also bring a calculator for use in the pricing section of the Design of Choice
  arrangement. Cell phone calculators are NOT permitted. No other supplies or equipment may be
  brought to the event.
- There will be no separate alternate teams.
- All floral materials, foliages and hard goods will be supplied by the Event Coordinator. All contestants will be given materials of equal value to work with. Any concerns or issues regarding improper quantity of or quality of materials should be addressed to the Event Coordinator or designated associates as soon as the issue is discovered.
- At least two competent judges from the florist industry shall judge each section of the event. Ideally, one group of two judges will evaluate the Assigned Arrangement and a separate group of two

judges will evaluate the Design of Choice Arrangement.

- Each contestant will be assigned an identification number. These numbers will be assigned at registration. Contestants will be responsible for labeling their score sheet for each arrangement with their assigned identification number, contestant name, and chapter name.
- The State level competition fee of \$28 per contestant will be paid by the competing school. If a chapter is gold affiliated, registration to state FFA career development events is waived.

### **Event Format**

#### **EQUIPMENT**

Materials to be provided by the student:

- Two no. 2 pencils
- Floral Cutters
- Ribbon Scissors
- Floral Knife

#### **EVENT SNAPSHOT**

The event is comprised of the following activities:

- Part 1: Assigned Arrangement 30 minutes
- Part 2: Design of Choice Floral Arrangement 45 minutes

A chapter must have a team of three (3) for team awards. A team can have up to four individuals, but only the top three (3) scores are used in determining the team's rank.

### **INDIVIDUAL ACTIVITIES**

The Floral Design Career Development Event will have two components:

### Part I: Assigned Arrangement

Contestants will produce a flower arrangement based on an order scenario specified by the Event Coordinator at the start of this event section. A deduction of 30 points will be taken if the completed design is not appropriate for the given scenario.

Reference: Part I – Assigned Floral Arrangement

#### Part II: Design of Choice Floral Arrangement

Contestants will make an arrangement in the design form of their choice with the arrangement meeting the price range indicated by the Event Coordinator. Contestants must identify the design form they have chosen and list its intended use. Contestants will be required to prepare an Itemized List of Costs Sheet for their floral design. A retail flower and hard goods pricing sheet will be made available to students for use in calculating the price of the arrangement. (See Attachment – Sample Retail Price Sheet) This pricing sheet will reflect current retail prices for the floral and hard goods materials. Students will need to add 20% for the cost of labor and 7% sales tax to their pricing.
