Hosted Virtually
Date: October 14, 2020

REGISTRATION IS DUE OCTOBER 28, 2020.

CONFERENCE OVERVIEW

The Career and Technical Student Organizations in New Jersey are teaming up to present the Fall Leadership Connection, an opportunity for students involved in FFA, SkillsUSA, FBLA, HOSA, DECA and FCCLA to learn how to become leaders within their own communities regardless of the industry they are interested in pursuing after high school.

Students will connect through a virtual platform which will house materials from each CTSO and engage with others across each organization through specialized content in the form of mini “TED-Talks” and general sessions as presented by student leaders from across the state. State FFA Officers have developed content that explores the SAE For All platform, record keeping in AET, leadership opportunities, conducting a meeting, how to advocate, life skills and many more. They are excited to engage with members in yet another way even while we remain primarily virtual. This material will debut throughout the week of November 16-19 and will remain live for students to access through the end of December. See below for the schedule of sessions that will be aired by the New Jersey FFA State Officers.
