Copies are available on the State Activity Guide ([http://www.jerseyageducation.nj.gov/agriculture/ag\\_ed/ffa/activity/index.html](http://www.jerseyageducation.nj.gov/agriculture/ag_ed/ffa/activity/index.html)). Students should be prepared in the event sections outlined in the event summary section of this document. The testing platform used for all three events will be announced closer to the event.

**How will these events be administered online?**

3. A proctor will be needed. This person can not be someone training and/or working with team members. You are encouraged to reach out to guidance counselors or school administrators. Having them proctor this event will allow you to share with them how agricultural education is on the cutting edge.
4. Students will be assigned user names and passwords to access the exam after proctor approval. An instruction sheet for students and a password list will be e-mailed to registered chapters on or before Monday, March 25, 2019.
5. **On Wednesday, March 27, 2019, the online exam will be active from 10:00 am-4:30 pm.** The entire team must compete at the same time.
6. Authenticity of Work Certification must be signed by participants and the proctor and faxed or emailed to the Office of Agricultural Education upon completion of the event.
7. Review the "Event Summary" section of this document for details on the structure of each event.
