Extemporaneous Public Speaking

2017-2021

Purpose

The New Jersey FFA Extemporaneous Public Speaking Leadership Development Event is designed to develop the ability of all FFA members to express themselves on a given subject without having prepared or rehearsed its content in advance. This gives FFA members an opportunity to formulate their remarks for presentation in a very limited amount of time.

Event Rules

The New Jersey FFA Extemporaneous Public Speaking Leadership Development Event will be limited to one participant from each chapter.

- It is highly recommended that participants wear FFA Official Dress for this event.
- Competent and impartial persons will be selected to judge the event. At least one judge should have an agricultural background.
- Any participant in possession of any electronic device, not provided by the event committee, in the preparation room is subject to disqualification.

Event Format

Participants will be admitted to the preparation room at 15 minute intervals and given exactly 30 minutes for topic selection and preparation.

The officials in charge of the event will screen reference material on the following basis:

- Must be limited to five items
- Printed material such as books or magazines
- Printed compilations of materials collected from Internet research
- To be counted as one item, a notebook or folder of collected materials may contain no more than 100 single-sided pages or 50 pages double-sided numbered consecutively.
- References should be in original format.
- There can be no notes or speeches prepared by the participant or by another person for the purpose of use in this event. Cutting and pasting into a Microsoft Word document will be considered prepared notes.

Each speech should be the result of the participant's own effort using approved reference material which the participant may bring to the preparation room. No other assistance may be provided. Participants must use the uniform note cards provided. Any notes for speaking must be made during the 30 minute preparation period. A participant will be permitted to use notes while speaking, but deductions in scoring may be made for this practice if it detracts from the effectiveness of the presentation. A list of all possible topics will be given to and reviewed by the judges prior to the beginning of the event.

Each speech should be no less than four and no more than six minutes in length. An additional five minutes will be allowed for the questioner to ask related questions. The room coordinator of the event will introduce the participant by name and state. The participant may introduce his or her speech by title only. Participants will be penalized one point per second on each judge's score sheet for being over six minutes or under four minutes. Time commences when the speaker begins talking.

Speakers may use a watch to keep a record of their time. Event officials or observers will give no time warnings.

Timekeepers will record the time for each participant in delivering his or her speech, noting under time or over time, if any, for which deductions should be made.

At the time of the event, the judges will be seated in a designated section of the room in which the event is held. They will score each participant on the delivery of the production using the score sheet provided.

Questions will pertain directly to the speaker's subject. Questions containing two or more parts should be avoided. Judges will score each participant on the ability to answer. The full five minutes should be used.

When all participants have finished speaking, each judge will total the score on each participant. The timekeepers' record will be used in computing the final score for each participant. The judges' score sheets will then be submitted to event officials to determine final rankings of participants.

PRELIMINARY EVENT

A preliminary event will only be held if there are more than 8 contestants registered for the event and at the discretion of the state FFA advisor and state FFA specialist. If a preliminary event is needed, the top two participants in each room will move on to the final round. The final round will take place 30 minutes following the conclusion of the preliminary round or as announced in the official convention program.

Scoring

Participants will be ranked in numerical order based on the final score to be determined by each judge without consultation. The judges' ranking of each participant then will be added, and the winner will be the participant whose total ranking is the lowest. Other placings will be determined in the same manner (low rank method of selection).

TIEBREAKERS

Ties will be broken based on the greatest number of low ranks. Participants' low ranks will be counted and the participant with the greatest number of low ranks will be declared the winner. If a tie still exists, the event superintendent will rank the participants' response to questions. The participant with the lowest rank from the response to question will be declared the winner. If a tie still exists, the participants' raw scores will be totaled. The participant with the greatest total of raw points will be declared the winner.

Awards

Awards will be presented to teams based upon their rankings at the 3rd general session of the New Jersey State FFA Convention.

Awards are sponsored by the New Jersey FFA Foundation.

Individual

1st – \$100.00, plaque sponsored by the National FFA, certificate & pin

2nd – \$75.00 & pin

3rd – \$50.00 & pin

The 1st place individual will represent New Jersey at the Big E in September and the National FFA Convention in October (if 60% mastery is met).
